

## JULY 2016 NEWSLETTER

The Colorado Springs Orchid Society will have its July 2016 meeting on Saturday the 23rd at Fire Station #14, 1875 Dublin Blvd. The fire station is at the intersection of Academy and Dublin behind Yorkshire Veterinary Clinic. From Academy Blvd, turn east onto Dublin, then take the first right. The meeting starts at 10:00 AM with social time and set-up between 9:30 AM and 10:00 AM. See our website for directions and a map.

The club provides plants each month for the raffle and members are encouraged to donate divisions of their plants for the raffle table. Raffle tickets are \$1 each. Bring your blooming orchids for Show & Tell and receive a free raffle ticket.

This month refreshments will be provided by those whose last name begin with the letters M to R.

## President's Message

There was an interesting, or should I say intriguing, article in the July Orchids magazine titled 'My Last Orchid'. What would you choose to be the one and only orchid you had left if pushed to that point?

If there was a situation where you had to evacuate your house and the home of your orchids, which one or ones would you take as your favorites? Suppose your spouse forced you to give up a large part of your orchid growing area, what type of orchids would you choose to keep and which type would you choose to abandon as less favorite because of personal reasons.

My favorite orchids are usually the one(s) in bloom at the time. Those that aren't blooming or don't seem to ever be going to bloom would be the first to send to the compost pile. The most likely plants to be viewed most favorably might be the easier ones to grow and bloom or maybe the ones that bloom most often. That most expensive one that you expect to have the most spectacular blooms might be high on your list of orchids to keep.

It just might be that now is the time to consider choosing which you might keep or just get around to downsizing a little bit before it becomes necessary. Of course, if you were to get rid of a few of your less favorite ones now that would make room to add a few that you don't have at present.

So, keep in mind that Fantasy Orchids will be at our July meeting and will be bringing orchid plants to sell. The subject of the presentation is to be about slipper orchids. Hope to see you there.

Good Luck and Good Growing,

Roger Stone
