## President's Message

In developing our calendar for next year, we have scheduled 12 regular meetings. It always seems to work out well for us. No picnic is scheduled but anyone is certainly welcome to have one, probably not on the date of one of our regular meetings. There are no special presenters at this time but that can always be added should something come up.

Keep in mind that we can have an extended discussion at any meeting on whatever subject the members may desire. If you want more in-depth information, it would be nice to warn the membership, probably like at the previous meeting. Some subjects may be better presented with various specialty items brought just for that purpose.

The whole idea of having an orchid club is to have a gathering of growers that will share ideas and information to help other orchid enthusiasts.

See you at the next meeting!

Good Luck and Good Growing,

Roger Stone  
President  
Colorado Springs Orchid Society
