

SEPTEMBER 2017 NEWSLETTER

The Colorado Springs Orchid Society will have its September 2017 meeting on Saturday the 23rd at Fire Station #14, 1875 Dublin Blvd. The fire station is at the intersection of Academy and Dublin behind Yorkshire Veterinary Clinic. From Academy Blvd, turn east onto Dublin, then take the first right. The meeting starts at 10:00 AM with social time and set-up between 9:30 AM and 10:00 AM. See our website for directions and a map.

Please bring any orchids, supplies, books, and anything else orchid that you would like to donate to our auction this month. Dependent on the donations we receive, we will decide at the meeting if there will be a raffle this month or if all the items will be auctioned.

If we decide to have a raffle in addition to the auction, raffle tickets may be purchased for \$1 each. Bring your blooming orchids for Show & Tell and receive a free raffle ticket.

This month refreshments will be provided by those whose last name begin with the letters S to Z.

President's Message

To show or not to show, that is the question!

Where did the idea of Colorado Springs Orchid Society having a show originate? I think it's from persons from other societies suggesting that we do. OK.

It then comes back to the question of why. What is our mission? Denver has shows to make money and to recruit new members. If we had more money, what would we do with it?

I feel any and all orchid enthusiasts that want to belong to the CSOS are very welcome. The mission of membership is to promote orchid appreciation and to assist each other in growing orchids as best as we can.

So, the reason for having a show would be to reveal to the public the existence of our orchid society. There are little CSOS business cards at Island Orchids that their employees recommend to serious orchid buyers. I haven't seen much increase in our attendance or membership from that.

If we were to have an orchid show, where or what would we do to best achieve our goal? I visited with Dawn of Phalen Gardens and her opinion was that we could easily attract orchid growers but that there would be no expectation of many incidental passers-by.

How many orchid growers are out there that we could attract that are not aware that CSOS exists? What is the easiest and best way to reach out to those people? Food for thought.

Good Luck and Good Growing,
Roger Stone
President
Colorado Springs Orchid Society

Bulb Elizabeth Ann 'Buckleberry' FCC/AOS grown by Matt Kurpaski. Thank you for your service Matt and please hurry back.

Gga. maculate grown by Sandy Richards

And a few more of Roger's August 2017 Show and Tell Plants:

Wlc. Tropical Snowflake

Den. bigibbum

Milt spectabilis var Moreliana

Rlc. Mem. Jessie Davis

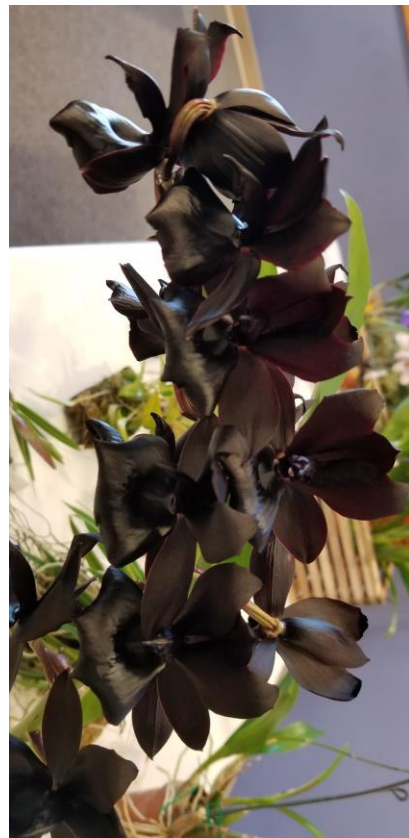

Phrag Fliquet 4N grown by Barbara Pollock

Paph Supersuk 'Eureka' AM/AOS grown by Eloise Guerriero

Rnc. Pacific Paranoia 'The Other Side of Cool'
grown by Joe Genova

Monn. Millenium Magic 'Witchcraft' FCC/AOS
grown by Suzie Ware

And last, but not least, some of Bob Steele's August 2017 Show and Tell Plants

C. crispa

B. David Sander

Bc Rustic Spots
